Spa Delivery/Moving Terms

\$250.00 to move Spa from existing location to new location.
Spa moves include 2 men.

\$2.00 per mile transporting fees (after 25 miles).

\$50.00 per extra man needed.

\$100.00 fee for Spas sunk into decks or holes.

\$25.00 an hour will be assessed for moving/removing/re-installing any obstructions necessary to move the Spa. (i.e. bushes, tree limbs, trees, decking, railings, fencing, electrical lines, snow, etc., including Spas full of water)

\$25.00 per hour for installation of accessories.

All parts/accessories/supplies needed for delivery must be furnished at time of delivery.

Our trailer, at its maximum, is 90" wide by 34" high. Spa dimensions must be added.

Our "Spa Dolly" is 8" high by 36" wide.

It is used to move Spas on their sides thus reducing the width factor but increasing the height factor.

Spa dimensions must be added. It is common to have a third man for this situation.

Pathways must be clear to use these devices.

For jobs requiring a crane, the lifting company will determine the fees.

Careful measurements and observations are needed to determine which devices are needed.

Customer must provide a smooth, solid and level surface to place the Spa upon its arrival.

Aah Spas WILL NOT install electrical sources.

We have access to a licensed electrician (Accurate Electric) that can accommodate the customer at competitive rates, if they so choose.

State Farm Insurance insures your Spa up to \$10,000.

Aah Spas is not responsible for any problems that may arise with the spa after the move due to vibration or any other unknown factors.

We will not accept responsibility for damage on deteriorating Spas and skirting.

We will use the utmost care in handling your Spa!
